PAYMENT PLAN POLICY

STATE OF TEXAS §
 §
COUNTY OF GALVESTON §

KNOW ALL PERSONS BY THESE PRESENTS:

WHEREAS, the Sunset Cove Galveston Home Owners Association, Inc. (“Association”) is charged with administering and enforcing those certain covenants, conditions and restrictions contained in the recorded Declarations for the various sections of the community (referred to collectively as “Declarations”); and

WHEREAS, chapter 209 of the Texas Property Code was amended effective January 1, 2012, to add Section 209.0062 (“Section 209.0062”) thereto regarding alternative payment schedules for assessments (“Payment Plans”); and

WHEREAS, the Board of Directors of the Association (“Board”) desires to establish a policy for Payment Plans consistent with Section 209.0062 and to provide clear and definitive guidance to owners.

NOW, THEREFORE, the Board has duly adopted the following *Payment Plan Policy*.

1. Subject to Section 12 below, owners are entitled to make partial payments for delinquent amounts owed to the Association under a Payment Plan in compliance with this Policy.
 2. Late fees, penalties and delinquent collection related fees will be not be added to the owner’s account while the Payment Plan is active. The Association may impose a fee for administering a Payment Plan. Such fee, if any, will be listed on the Payment Plan form and may change from time-to-time. Interest will continue to accrue during a Payment Plan as allowed under the Declarations. The Association can provide an estimate of the amount of interest that will accrue under any proposed plan.
 3. All Payment Plans must be in writing on the form provided by the Association and signed by the owner.
 4. The Payment Plan becomes effective and is designated as “active” upon:
 - a. receipt of a fully completed and signed Payment Plan form; and
 - b. receipt of the first payment under the plan; and
 - c. acceptance by the Association as compliant with this Policy.
 5. A Payment Plan may be as short as three (3) months and as long as eighteen (18) months based on the guidelines below. The durations listed below are provided as guidelines to assist owners in submitting a Payment Plan.
 - a. Total balance up to 2 times annual assessment ... up to 6 months
 - b. Total balance up to 3 times annual assessment ... up to 12 months
 - c. Total balance greater than 3 times annual assessment ... up to 18 months
-

6. On a case-by-case basis and upon request of the owner, the Board may approve more than one Payment Plan to be executed in sequence to assist the owner in paying the amount owed. The individual Payment Plans may not exceed eighteen (18) months.
7. A Payment Plan must include sequential monthly payments. The total of all proposed payments must equal the current balance plus Payment Plan administrative fees, if any, plus the estimated accrued interest.
8. If an owner requests a Payment Plan that will extend into the next assessment cycle, the owner will be required to pay future assessments by the due date in addition to the payments specified in the Payment Plan.
9. If an owner defaults on the terms of the Payment Plan, the Payment Plan will be voided. The Association will provide written notice to the owner that the Payment Plan has been voided. It is considered a default of the Payment Plan, if the owner:
 - a. fails to return a signed Payment Plan form with the initial payment; or
 - b. misses a payment due in a calendar month; or
 - c. makes a payment for less than the agreed upon amount; or
 - d. fails to pay a future assessment by the due date in a Payment Plan which spans additional assessment cycles.

In the absolute discretion of the Association, the Association may waive default under item b, c or d above if the owner makes up the missed or short payment on the immediate next calendar month payment. The Association may, but has no obligation to, provide a courtesy notice to the owner of the missed or short payment.

10. On a case-by-case basis, the Association may agree, but has no obligation, to reinstate a voided Payment Plan once during the original duration of the Payment Plan if all missed payments are made up at the time the owner submits a written request for reinstatement.
11. If a Payment Plan is voided, the full amount due by the owner shall immediately become due. The Association will resume the process for collecting amounts owed using all remedies available under the Declarations and the law.
12. The Association has no obligation to accept a Payment Plan from any owner who has defaulted on the terms of a Payment Plan within the last two (2) years.

This Policy is effective upon recordation in the Public Records of Galveston County, and supersedes any policy regarding alternative payment schedules which may have previously been in effect. Except as affected by Section 209.0062 and/or by this Policy, all other provisions contained in the Declarations or any other dedicatory instruments of the Association shall remain in full force and effect.

KNOW ALL PERSONS BY THESE PRESENTS:

WHEREAS, the Sunset Cove Galveston Home Owners Association, Inc. (“Association”) is charged with administering and enforcing those certain covenants, conditions and restrictions contained in the recorded Declarations for the various sections of the community (referred to collectively as “Declarations”); and

WHEREAS, chapter 209 of the Texas Property Code was amended effective January 1, 2012, to amend Section 209.005 (“Section 209.005”) thereto regarding owner access to Association documents and records (“Records”); and

 - e. a written notice that the requested Records cannot be produced within ten (10) business days but will be available within fifteen (15) additional business days from the date of the notice and payment of the cost to produce the records is made and stating the cost thereof.

On a case-by-case basis, in the absolute discretion of the Association, and with concurrence of the owner, the Association may agree to invoice the cost of the Records request to the owner's account. GUIDELINES FOR SOLAR ENERGY DEVICES

STATE OF TEXAS §
 §
COUNTY OF GALVESTON §

KNOW ALL PERSONS BY THESE PRESENTS:

WHEREAS, the Sunset Cove Galveston Home Owners Association, Inc. (“Association”) is charged with administering and enforcing those certain covenants, conditions and restrictions contained in the recorded Declarations for the various sections of the community (referred to collectively as “Declarations”); and

WHEREAS, chapter 202 of the Texas Property Code was amended effective June 17, 2011, to add Section 202.010 (“Section 202.010”) thereto dealing with the regulation of solar energy devices; and

WHEREAS, the Board of Directors of the Association (“Board”) has determined that in connection with maintaining the aesthetics and architectural harmony of the community, and to provide clear and definitive guidance regarding solar energy devices therein, it is appropriate for the Association to adopt guidelines regarding solar energy devices within the community.

NOW, THEREFORE, the Board has duly adopted the following *Guidelines for Solar Energy Devices* within the community.

1. These guidelines apply to solar energy devices (“Devices”) as defined in Section 171.107(a) of the Texas Tax Code. A solar energy device means a system or series of mechanisms designed primarily to provide heating or cooling or to produce electrical or mechanical power by collecting and transferring solar-generated energy. The term includes a mechanical or chemical device that has the ability to store solar-generated energy for use in heating or cooling or in the production of power.
2. Such Devices may only be installed with advance written approval of the Architectural Review Board subject to these guidelines.
3. Any such Device must be installed on land or structures owned by the property owner. No portion of the Devices may encroach on adjacent properties or common areas.
4. Such Devices may only be installed in the following locations:
 - a. on the roof of the main residential dwelling; or
 - b. on the roof of any other approved structure; or
 - c. within a fenced yard or patio.
5. For Devices mounted on a roof, the Device must:
 - a. have no portion of the Device higher than the roof section to which it is attached; and
 - b. have no portion of the Device extend beyond the perimeter boundary of the roof section to which it is attached; and
 - c. conform to the slope of the roof; and

- d. be aligned so the top edge of the Device is parallel to the roof ridge line for the roof section to which it is attached; and
 - e. have a frame, brackets and visible piping or wiring that is a color to match the roof shingles or a silver, bronze or black tone commonly available in the marketplace; and
 - f. be located in a position on the roof which is least visible from any street or common area, so long as such location does not reduce estimated annual energy production more than 10% over alternative roof locations (as determined by a publically available modeling tool provided by the National Renewable Energy Laboratory [www.nrel.gov] or equivalent entity).
6. For Devices located in a fenced yard or patio, no portion of the Device may extend above the top of the fence. If the fence is not a solid fence which blocks view of the Device, the Association may require the Device be placed in a location behind a structure or otherwise require visual screening. The Association may consider installation of Devices on properties without a fenced yard if there is adequate screening from public view from any street or common area.
 7. All Devices must be installed in compliance with manufacturer's instruction and in a manner which does not void material warranties. Licensed craftsmen must be used where required by law. Permits must be obtained where required by law.
 8. Installed Devices may not:
 - a. threaten public health or safety; or
 - b. violate any law; or
 - c. substantially interfere with the use and enjoyment of land by causing unreasonable discomfort or annoyance to any adjoining property owner.
 9. All Devices must be maintained in good repair. Unused or inoperable Devices must be removed.

The guidelines are effective upon recordation in the Public Records of Galveston County, and supersede any guidelines for solar energy devices which may have previously been in effect. Except as affected by Section 202.010 and/or by these guidelines, all other provisions contained in the Declarations or any other dedicatory instruments of the Association shall remain in full force and effect.

KNOW ALL PERSONS BY THESE PRESENTS:

COUNTY OF GALVESTON

WHEREAS, the Sunset Cove Galveston Home Owners Association, Inc. ("Association") is charged with administering and enforcing those certain covenants, conditions and restrictions contained in the recorded Declarations for the various sections of the community (referred to collectively as "Declarations"); and

WHEREAS, chapter 202 of the Texas Property Code was amended effective September 1, 2011, to amend Section 202.007(d) ("Section 202.007") thereto dealing with rain barrels and rainwater harvesting systems (referred to collectively as "Rainwater Recovery Systems" or "Systems"); and

WHEREAS, the Board of Directors of the Association ("Board") has determined that in connection with maintaining the aesthetics and architectural harmony of the community, and to provide clear and definitive guidance regarding the installation and maintenance of Rainwater Recovery Systems therein, it is appropriate for the Association to adopt guidelines regarding Rainwater Recovery Systems.

NOW, THEREFORE, the Board has duly adopted the following *Guidelines for Rainwater Recovery Systems* within the community.

1. Rainwater Recovery Systems may be installed with advance written approval of the Architectural Review Board subject to these guidelines.
2. All such Systems must be installed on land owned by the property owner. No portion of the Systems may encroach on adjacent properties or common areas.
3. Other than gutters and downspouts conventionally attached to a dwelling or appurtenant structure, all components of the Systems, such as tanks, barrels, filters, pumps, motors, pressure tanks, pipes and hoses, must be substantially screened from public view from any street or common area. Screening may be accomplished by:
 - a. placement behind a solid fence, a structure or vegetation; or
 - b. by burying the tanks or barrels; or
 - c. by placing equipment in an outbuilding otherwise approved by the Architectural Review Board.
4. A rain barrel may be placed in a location visible from public view from any street or common area only if the configuration of the guttering system on the structure precludes screening as described above with the following restrictions:
 - a. the barrel must not exceed 55 gallons; and
 - b. the barrel must be installed in close proximity to the structure on a level base with the guttering downspout leading directly to the barrel inlet at a substantially vertical angle; and
 - c. the barrel must be fully painted in a single color to blend with the adjacent home or vegetation; and

- d. any hose attached to the barrel discharge must be neatly coiled and stored behind or beside the rain barrel in the least visible position when not in use.
5. Overflow lines from the Systems must not be directed onto or adversely affect adjacent properties or common areas.
6. Inlets, ports, vents and other openings must be sealed or protected with mesh to prevent children, animals and debris from entering the barrels, tanks or other storage devices. Open top storage containers are not allowed, however, where space allows and where appropriate, Architectural Review Board approved ponds may be used for water storage.
7. Harvested water must be used and not allowed to become stagnant or a threat to health.
